

BILL & VIEVE GORE SCHOOL OF BUSINESS

INTERNATIONAL BUSINESS

Faculty

- Michael Mamo (Division Chair)
- Susan Arsht
- Michael Mamo
- Cid Seidelman

Program Goals

The major in International Business leading to a Bachelor of Arts degree emphasizes specialized skills and knowledge necessary for success in the global environment. This program prepares students for the complex requirements of international business: technical and functional competence, world languages, cultural awareness and sensitivity, familiarity with international institutions, and the conduct of global business. A major strength of the International Business program is the combination of general and international business coursework with intensive language and cultural studies.

Students completing the bachelor degree in international business will:

- Recognize the fundamental economic forces that shape a country's stake in the global economic order; establish the implications for national and business policy of the international economy.
- Evaluate the financial risks of doing business in a specific country.
- Create an effective business plan for a new country entry.
- Effectively communicate across different cultures.

Program Requirements

To fulfill the requirements for the Bachelor of Arts in International Business, students must complete the courses outlined below. Students must maintain a minimum 2.3 GPA in business program coursework to be eligible for a Bachelor of Arts in International Business. Students are also required to complete the ETS Major Field Test in Business before they are eligible to graduate (exceptions may be considered by program chair when relocation or other conditions make completion of the test impractical).

Students must meet the college-wide graduation requirements in addition to the International Business major:

- WCore or Honors College requirements
- 30 upper division hours
- 124 total hours

Undergraduate Business Core

Students in all business majors (with the exception of some economics programs) complete a common undergraduate core designed to develop skills in all functional areas of business.

There are two components to the common undergraduate core: the lower-division requirements, and the upper-division requirements. Since many of the lower-division core requirements are prerequisites for upper-division core requirements, students should work to complete lower-division courses early in their programs. Upper-division core requirements should be taken when prerequisites are met. Prerequisites are noted in the table below.

Requirement Description	CH	PREQ	
I. Core Lower Division Courses	25		
ACCT 213 Financial Accounting 3 BUSI 102* or BUSI 101A and BUSI 101B			
BUSI 101A Business Fundamentals I: Communicating 3
